# CMW PolyStax

CMW

## Create a Segmented Look at an Exceptional Price!

Stack one PolyStax or stack to the ceiling.

To maintain OEM standard heights - New panel height desired:

53" = 41" existing panel + 11" stacker  
 65" = 53" existing panel + 12" stacker  
 65" = 41" existing panel + 23" stacker  
 65" = 41" existing panel + 11" stacker + 12" stacker  
 80" = 53" existing panel + 28" stacker

80" = 65" existing panel + 15" stacker  
 80" = 41" existing panel + 11" stacker + 28" stacker  
 80" = 41" existing panel + 15" stacker + 23" stacker  
 80" = 53" existing panel + 12" stacker + 15" stacker

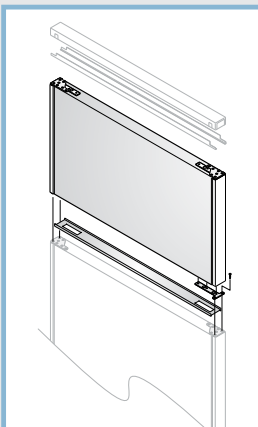

*Note: Any combination of PolyStax heights may be used per your design needs allowing for various alternative overall height options.*

*Full end cap is included on factory assembled panels*

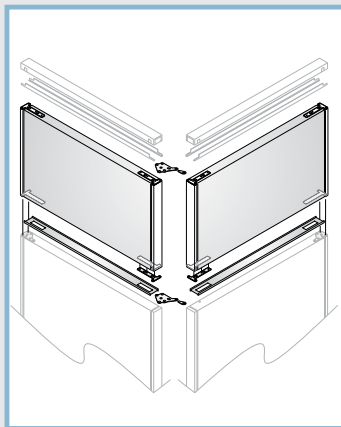

## Remove | Replace | Interchange with the Unique Patent-Pending T-bone Bracket.

With four easy steps the CMW PolyStax unit is quickly and easily installed to existing panel(s).

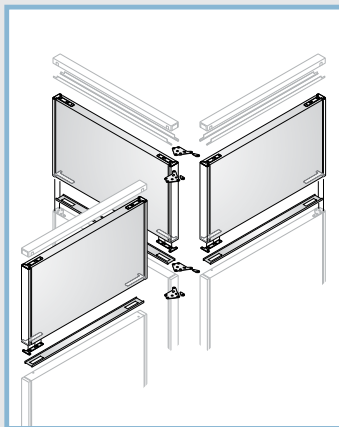

- Step 1. Remove top cap and channel
- Step 2. Place the PolyStax joiner and stacker on the donor panel
- Step 3. Screw the PolyStax onto the donor panel and attach to any adjacent panels
- Step 4. Re-attach channel and top cap to the newly attached PolyStax unit

## Build a New Look with Multiple Stacker Options

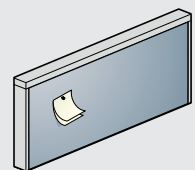

PolyStax units are available in eight different surface material options. Introduce different fabrics, marker board, acrylic windows (clear, smoked, frosted) and open pass-thru stackers to your office environment.

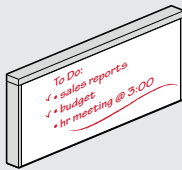

Laminate

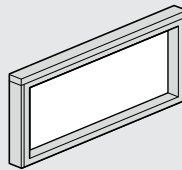

Fabric Covered Hard Surface

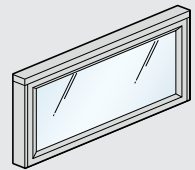

Fabric Covered Tackable or Acoustical

Marker Board

Open Pass-Through

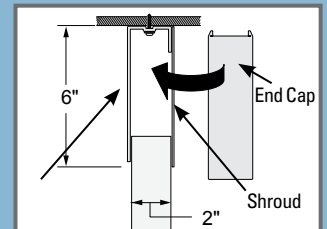

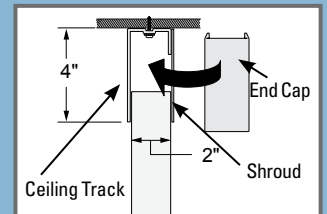

Glass (Clear/Smoked/Frosted)

## Floor-to-Ceiling Option

The CMW PolyStax can be stacked to the ceiling, giving you added flexibility.

- Creates a flush, aesthetically-pleasing and structural wall
- Easily connects to solid or grid ceilings at any height
- Ceiling track package has three simple parts: ceiling track, shrouds and end caps for quick installation
- Available in all standard CMW paint finishes including Solar Black, Gray Value 1, Tan Value 1, Warm Brown 1, Warm White, Woodrose, and 0835 Black
- Available in A02 finishes including Black Umber, Medium Tone, Light Tone, Light Gray
- Optional finishes are available, call Compatico Project Management to determine upcharges and lead times

The CMW logo is displayed in white text on a green square background.

## PolyStax™ Benefits

Include PolyStax on your new system or add to an existing panel environment.

- The CMW PolyStax stacker is attractive, easy to install and provides more options for your ever changing office design needs.
- Create a segmented look for your office and stay within budget.
- Update your monolithic panels with the segmented look.
- Remove, replace, interchange depending on your needs.
- CMW PolyStax is mechanically fastened with Compatico's patent-pending technology saving hours on labor.
- Take your 2" CMW panels to the ceiling with the PolyStax C-Wall™ system.
- Hang flipper door units from the stacker units.
- Use our multiple finish options, acrylic clear, smoked, frosted, marker board, laminate, tackable hard surface fabric to build a new look around your office.

### Customer First Service Promise
