Add color, design, functionality with patented FreshFIT self-adhesive panel overlay tiles.

freshFIT

Why FreshFIT Tiles?

Fresh New Work Environments

1. Extend and refresh the life of your existing furniture for a small investment.
2. Available for all systems furniture regardless of manufacturer, custom sizes available to fit your requirements.
3. Add functionality and new look with whiteboard, fabric or laminate.
4. Quickly create an updated segmented look on monolithic panels.
5. Easily installed or repositioned by facilities management or users, no staff downtime.
6. Ultra thin tiles are 3/16" proud of existing panel.
7. Exclusive hook design and adhesive technology by 3M.®
8. Great alternative for new designs and color options.

Before FreshFIT

Traditional brown, tan and beige colors were a conservative choice.

After FreshFIT

Bright and colorful full height FreshFIT tiles can be applied during regular work hours by facilities management or users.

FreshFIT: Easy as 1-2-3

1. Decide Your Design, Measure and Determine Quantities
2. Pick Your Fabric, Laminate, or Whiteboard
3. Order and Receive In 15 Days

Before FreshFIT

Old, worn, dirty but functional.

After FreshFIT

FreshFIT tiles created an updated segmented look. Laminate tiles can be installed for extra durability in high traffic areas.
