seating made simple

insync™

InSync embodies the next evolution of innovative chair design. Its weight-activated Body Balance control is breakthrough, and the chair is simple, intuitive and easy to use. There is no tension adjustment – and just one lever to adjust the seat height. InSync delivers high-end design at an affordable price. The introduction of InSync raises the bar in innovative chair design, serving as a new industry benchmark for technology and simplicity.

Henry Ford said, "You can choose any color automobile, so long as it's black." At Highmark, we know how important choice and personalization are to a productive work environment. Our designers now offer 15 knit color backs and unlimited seat color options to suit any personality, profession, and purpose. Superior comfort, ease of use, and stylish good looks – the choice is yours!

Armless Stool with Upholstered Seat and Knit back >

< High Back with Upholstered Leather

insync™

InSync combines high design with ease of use. Just sit down, and InSync does the rest. Environmentally conscious materials and structural innovations support a streamlined design available in mid or high back, and three arm options. The standard knit back is available in 15 color options, along with many seat fabric choices. Additional options include adjustable lumbar and high profile polished aluminum base.
