

MAYLINE®

Bistro
Collection

Creativity is enhanced when people come together in less structured, more spontaneous ways. The Bistro Collection supports informal gatherings with tables and chairs that encourage communication, collaboration and productive play. Light in scale, high in style and flexible in application, Bistro is a smart choice for small meeting areas, casual breakout spaces, private offices, breakrooms, and cafeterias, as well as any hospitality-type setting.

LET'S GET SOCIAL.

TAKING TEAMWORK TO NEW HEIGHTS. Escalate bar-height seating pairs perfectly with bar-height Bistro tables, shown with Wilsonart® Black laminate, knife-edge profile, and stainless steel square bases.

SHAPE YOUR WORKSPACE.

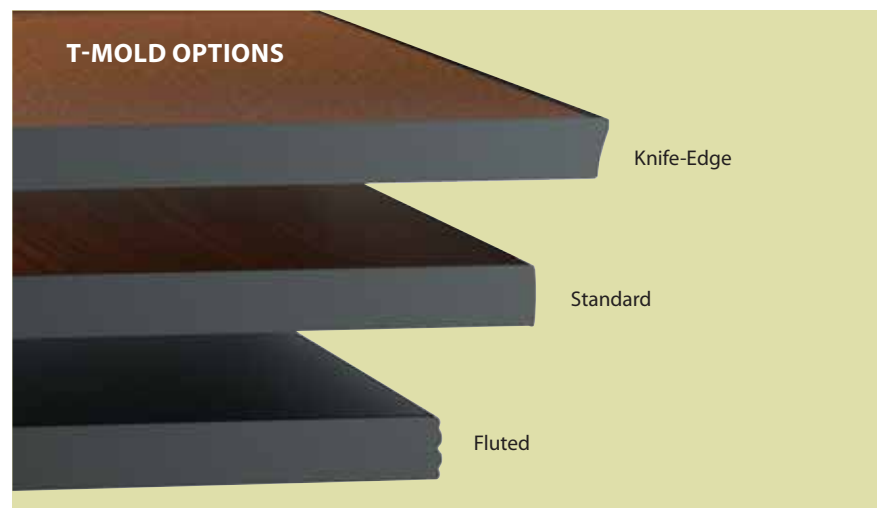

VARIETY IS THE SPICE OF CREATIVITY. Vary the office landscape and spur creativity with different table shapes, heights and colors – like these Bistro tables featuring Wilsonart Kiwi laminate and black cast-iron X-bases. Valore bar- and dining-height seating in black.

A Wide Menu of Choices.

Three standard table shapes. Three laminate edge options. Two table bases. Two heights. Bistro gives you the flexibility to tailor any space to your requirements.

HAVE IT YOUR WAY. We're happy to custom-shape table tops – like this boomerang – to meet your unique demands and workstyles.

MIX, MATCH AND MOTIVATE.

WORKING TOGETHER TO HELP YOU WORK BETTER. Bistro tables are visually and dimensionally compatible with Mayline chair series including Bistro (of course), Valoré (shown here) and Escalate (on the cover).

Bistro black cast-iron X-base in dining and bar height. Optional footring.

Bistro stainless steel square base with square tube support in dining and bar height.

Escalate Seating in dining and bar height. Black polypropylene seats and backs with chrome legs.

Valoré chairs in dining and bar height. Choice of three mesh back colors with standard black fabric seat.
