Zapf® Tiled Panels and Frames

Pre-Configured or Built-to-Spec Tiled Panels

Zapf® Tiled Panels are designed to add new color and texture options to Zapf® Panel Systems and Freestanding applications. Using the Zapf® ready made frames, tiled panel inserts fit easily and securely into the frames. Both Pre-Configured and Build-to-Spec frames are available in 4 heights and 6 widths. All include frame, raceway, and top cap.

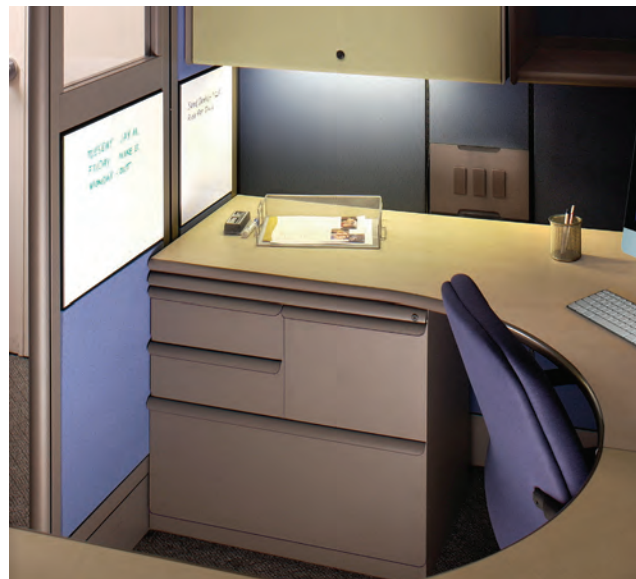

Add New Color and Materials

Pre-Configured Tiled Panels come complete with two sided tiled panel inserts. Each panel will have the same material on every panel insert, front and back. Select either Acrylic or Glazed, Laminate, Fabric, Metal, or Marker Board panels. The tiled inserts are conveniently and easily interchangeable.

Easy to Order Interchangeable Panels

You Choose Your Panels

Acrylic or Glazed
Laminate | Fabric
Metal | Marker Board

BUILD-TO-SPEC TILED PANELS allow the option of a variety of fabrics, colors, and materials to be used in the same panel. Materials that can be mixed or matched with the panel frame. The Build-to-Spec frames and tiles are available in the same sizes as pre-configured tile panels. Using Zapf® Tiled Panels, it is easy to customize panel walls to match worksurfaces, door, and drawer fronts. In a new installation or a Zapf® makeover, the tiled panels create a more pleasing and functional workspace. Talk to our Design Department today.

Otto Zapf for Marvel®

In our continuing effort to bring only the most innovative and highest quality products to the office furniture industry, we commissioned Otto Zapf, world renowned designer and furniture visionary, to develop a line of panel and freestanding furniture that could bring style, class, and versatility far surpassing the old and tired designs currently in the marketplace. We are proud that the result of this endeavor is the Zapf® Panel and Desk System® by Marvel. This product creatively combines the flexibility of a desk-based system with the time-tested functionality of traditional panel-based systems to bring you an office furniture solution for today's demanding environment.

Office/Reception Creations with Zapf® Panels (Cont.)

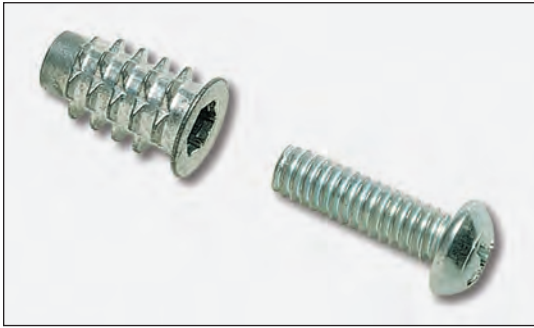

Typical 25

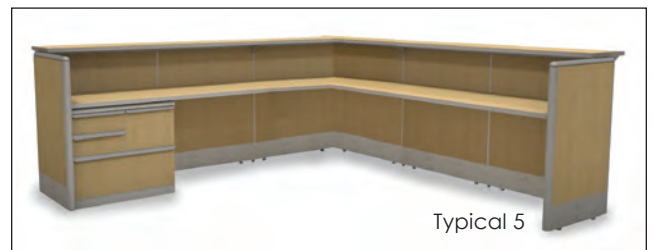

Lightweight and locking doors can combine with stunning glazed panels to offer an additional level of privacy while still allowing that "open" feel. The convenient flipper doors recede easily into the cabinet. Leading edge design carries curvilinear details through the entire product line with radiuses matched on virtually every "corner."

Office/Reception Creations with Zapf® Panels (Cont.)

Zapf® allows multiple options providing unique solutions to high-density work environments. Ergonomic tri-position worksurfaces can fulfill the need of each and every employee. Varying height stations and panels can be blended together without an interruption to the office's visual appeal. Convenient work level power panels allow individualized electrical and data port access at each workstation. Premium high pressure laminates matched with a strengthening worksurface backer and threaded metal inserts allow Zapf® to stand up to rigors of multiple shift operations with ease – *Quality details designed to assure you a lifetime of product performance.*

MARVEL Zapf
Freestanding

Private office and freestanding options, designed to finish the Zapf® visual element, mean no more searching for multiple suppliers for complex installations. Use of *non-handed* components and steel-to-steel connections make reconfiguration a breeze. Worksurfaces are crafted in all popular dimensions, in a variety of finishes and colors, including two edge styles. Hanging pedestals, mobile pedestals or floor supported pedestals allow user ready access to differing file types. Mobile pedestal with seat cushion top adds extra seating as well as purposeful storage. With Zapf® Freestanding and Zapf® Panel Systems, it is easy to coordinate a unique contemporary style throughout the office setting. Zapf® – *Your innovative, affordable panel, and desking office alternative.*
